AUTHORIZATION AND ACKNOWLEDGEMENT

I authorize you to give my child/children reasonable and proper medical care by today's standards. I hereby authorize the physician to release information related to any claim. I recognize and accept full responsibility for all professional services rendered and further authorize the insurance company to pay benefits directly to the physician.

How were you referred to our practice? _____

Financial Policy of ABC Pediatrics, Ltd.

Our professional staff is committed to providing you with quality pediatric care and our business office is committed to assisting you with the financial obligations of your medical care.

Our practice firmly believes that a good physician/patient relationship is based upon understanding and good communication. Therefore, we have outlined our financial policy so that patients will better understand the billing process and their responsibility in it.

ABC Pediatrics, Ltd. will:

1. File primary insurance claims on your behalf in a timely manner.
2. Seek information to process claims and answer any questions about claims.
3. Issue statements to you once insurance has made payment for services.
4. Accept payment by cash, check, and most major credit cards.
5. Arrange payment plans when necessary through the office manager.
6. Help resolve billing problems diligently for 60 days.

Your responsibilities will be to:

1. Complete our patient information form and supply any insurance information that is necessary to process your claims including benefits information.
2. Notify us of any changes in your insurance status or insurance company.
3. Pay your co-pay at the time of service. If you cannot pay your co-pay at the time of service a \$20.00 fee may be charged to you.
4. Pay any outstanding balance which is unpaid, denied or delayed by your insurance carrier beyond 60 days after the date of service.
5. Call your insurance carrier, at our request, to expedite payment for delayed claims before our 60 day limit has been reached.
6. Call your insurance carrier when a submitted claim was denied. Denied and disputed claims do not suspend your requirement to pay for services rendered.
7. Be responsible for deductibles or uncovered expenses. This may include charges for screening forms that are required by law or recommended by the American Academy of Pediatrics. Patients seen for a well visit may incur additional charges for any significant services, such as counseling for immunizations, risk factor reduction intervention, or any illness, condition or procedure. Patients seen in the office during regularly scheduled evening, weekend or holiday office hours will incur an additional charge.
8. Forward any payment which received by you from the insurance company that is owed to ABC Pediatrics, Ltd.
9. Pay a \$25.00 fee per check returned to us by the bank for non-sufficient funds (NSF).
10. File claims with your secondary insurance carrier. Any balance due after primary insurance has processed is due immediately. NOTE: We do not file Medicaid as secondary insurance.
11. Authorize ABC Pediatrics, Ltd. to provide your insurance carrier with any clinical or financial information that they may require.
12. Pay in full for office visit at the time of service if no current insurance card is presented.
13. Inform us of any appointments you need to reschedule or cancel. You may be charged a \$50.00 fee for sick appointments not cancelled within an hour and well visits within 24 hours. You will be charged \$50.00 for a "no show appointment.
14. We will do our best to resolve insurance issues and will enlist your help when necessary before asking that you pay any balance that is 60 days past due. Your insurance is a contract between you and your insurance carrier. Therefore you will be more likely to get the carrier to meet their financial obligation when they delay payment on your claims. Please remember that we file insurance as a courtesy to you. You, not the insurance carrier, are ultimately responsible for any unpaid fees.

I certify I have read, understand and agree to adhere to ABC Pediatrics, Ltd. Financial Policy.

ABC PEDIATRICS, LTD
NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This practice creates a medical record of your health information in order to treat you, receive payment for services delivered, and to comply with certain policies and laws. We are also required by law to provide you with this Notice of our legal duties and privacy practices. In addition, the law requires us to ask you to sign an Acknowledgment that you received this Notice.

We are required by federal and state law to maintain the privacy of your medical information. Medical information is also called “protected health information” or “PHI.” We are also required by law to notify you if you are affected by a breach of your unsecured PHI.

This is a list of some of the types of uses and disclosures of PHI that may occur:

Treatment: We obtain health information, or PHI, about you to treat you. Your PHI is used by us and others to treat you. We may also send your PHI to another physician, facility, or counselor to which we refer you for treatment, care, procedures, or testing. We may also use your PHI to contact you to tell you about alternative treatments, or other health-related benefits we offer. If you have a friend or family member involved in your care, we may give them PHI about you.

Payment: We use your PHI to obtain payment for the services that we render. For example, we send PHI to Medicaid, Medicare, or your insurance plan to obtain payment for our services.

Health Care Operations: We use your PHI for our operations. For example, we may use your PHI in determining whether we are giving adequate treatment to our patients. From time-to-time, we may use your PHI to contact you to remind you of an appointment.

Legal Requirements: We may use and disclose your PHI as required or authorized by law. For example, we may use or disclose your PHI for the following reasons:

Public Health: We may disclose your health information to prevent or control disease, injury or disability, to report births and deaths, to report reactions to medicines or medical devices or to report suspected cases of abuse or neglect.

Health Oversight Activities: We may use and disclose your PHI to state agencies and federal government authorities when required to do so. We may use and disclose your health information in order to assist others in determining your eligibility for public

benefit programs and to coordinate delivery of those programs. For example, we must give PHI to the Secretary of Health and Human Services in an investigation into our compliance with the federal privacy rule.

Judicial and Administrative Proceedings: We may use and disclose your PHI in judicial and administrative proceedings. Efforts may be made to contact you prior to a disclosure of your PHI to the party seeking the information.

Law Enforcement: We may use and disclose your PHI in order to comply with requests pursuant to a court order, warrant, subpoena, summons, or similar process. We may use and disclose PHI to locate someone who is missing, to identify a crime victim, to report a death, to report criminal activity at our offices, or in an emergency.

Avert a Serious Threat to Health or Safety: We may use or disclose your PHI to stop you or someone else from getting hurt.

Work-Related Injuries: We may use or disclose PHI to an employer if the employer is conducting medical workplace surveillance or to evaluate work-related injuries.

Coroners, Medical Examiners, and Funeral Directors: We may use or disclose PHI to a coroner or medical examiner in some situations. For example, PHI may be needed to identify a deceased person or determine a cause of death. Funeral directors may need PHI to carry out their duties.

Armed Forces: We may use or disclose the PHI of Armed Forces personnel to the military for proper execution of a military mission. We may also use and disclose PHI to the Department of Veterans Affairs to determine eligibility for benefits.

National Security and Intelligence: We may use or disclose PHI to maintain the safety of the President or other protected officials. We may use or disclose PHI for the conduct of national intelligence activities.

Correctional Institutions and Custodial Situations: We may use or disclose PHI to correctional institutions or law enforcement custodians for the safety of individuals at the correctional institution, those that are responsible for transporting inmates, and others.

Research: You will need to sign an Authorization form before we use or disclosure PHI for research purposes except in limited situations. For example, if you want to participate in research or a clinical study, an Authorization form must be signed.

Fundraising: We do not engage in fundraising activities. We do not engage in marketing activities, and need your authorization to do so.

Immunizations: If we obtain and document your verbal or written agreement to do so, we may release proof of immunization to a school where you are a student or prospective student.

Illinois law: Illinois law also has certain requirements that govern the use or disclosure of your PHI. In order for us to release information about mental health treatment, genetic information, your AIDS/HIV status, and alcohol or drug abuse treatment, you will be required to sign an Authorization form unless state law allows us to make the specific type of use or disclosure

without your authorization.

Your Rights: You have certain rights under federal and state laws relating to your PHI. Some of these rights are described below:

Restrictions: You have a right to request restrictions on how your PHI is used for purposes of treatment, payment and health care operations. We are not required to accommodate to your request, except as required by law. The practice is required to comply with your request for restrictions on the use or disclosure of your PHI to health plans for payment or health care operations purposes when the practice has been paid out of pocket in full and the practice has been notified of the request for restriction in writing, and the disclosure is not required by law.

Communications: You have a right to receive confidential communications about your PHI. For example, you may request that we only call you at home. If your request is reasonable, it may be accepted.

Inspect and Access: You have a right to inspect your health information. This information includes billing and medical record information. You may not inspect your record in some cases. If your request to inspect your record is denied, we will send you a letter letting you know why and explaining your options.

You may have a paper or electronic copy of your PHI in most situations. If you request a copy of your PHI, we may charge you a fee for making the copies and mailing them to you, if you ask us to mail them.

Amendments of Your Records: If you believe there is an error in your PHI, you have a right to request that we amend your PHI. We are not required to agree with your request to amend.

Accounting of Disclosures: You have a right to receive an accounting of disclosures that we have made of your PHI for purposes other than treatment, payment, and health care operations, or release made pursuant to your authorization.

Copy of Notice: You have a right to obtain a paper copy of this Notice, even if you originally received the Notice electronically. We have also posted this Notice at our offices.

Complaints: If you feel that your privacy rights have been violated, you may file a complaint with us by calling our Privacy Officer at (630)355-0003. We will not retaliate against you for filing a complaint. You may also file a complaint with the Secretary of Health and Human Services in Washington, DC if you feel your privacy rights have been violated.

Authorizations: We are required to obtain your written Authorization when we use or disclose your PHI in ways not described in this Notice or when we use or disclose your PHI as follows: for marketing purposes, for the sale of your PHI, or for uses and disclosures of psychotherapy notes (except certain uses and disclosures for treatment, payment, or health care operations), You may revoke your Authorization at any time in writing, except to the extent that we have already acted on your Authorization.

We are required to abide with terms of the Notice currently in effect; however, we may change this Notice. If we materially change this Notice, you can get a revised Notice on our website at www.abcpediatrics.net or by stopping by our office to pick up a copy. Changes to the Notice are applicable to the health information we already have.

Electronic Communication User Agreement And Informed Consent

Completion of this form is necessary prior to engaging in electronic communications with ABC Pediatrics, Ltd. At current time, ABC Pediatrics, Ltd. does not have a patient portal through which ABC Pediatrics, Ltd. and patients may securely communicate.

Electronic communication policy

“Electronic communication” means unsecured e-mail or text messaging with patients outside of a patient portal.

The following policies and limitations apply to the use of ABC Pediatrics’ electronic communication:

1. Electronic communications is not for emergency purposes. If you are having an emergency, dial 911 or go to your local hospital.
2. Correspondence via electronic communication is supplemental to physician/patient encounters. ABC Pediatrics, Ltd. will not provide electronic communication-based diagnosis and treatment.
3. Sensitive subject matter, such as HIV/AIDS, STDs, mental health, behavioral health, drug treatment, or genetic testing information, cannot be discussed through electronic communication.
4. Communications sent via electronic communication must be courteous, respectful, appropriate, fact-based and truthful.

Conditions of participation

Electronic communication with ABC Pediatrics, Ltd. is restricted to the patient (s). This type of communication is optional, and we reserve the right to suspend or terminate it at any time. If the practice suspends access, you will still have access to copies of your medical record and other health information upon request.

The patient acknowledges that he/she agrees to comply with the ABC Pediatrics’ Electronic Communication Policy outlined above.

The patient also acknowledges and understands that any information conveyed using unsecured electronic communication is not protected and may be viewable in the public domain.

CANCELLATION POLICY/NO SHOW POLICY

We understand that there are times when you must miss an appointment due to emergencies or obligations for work or family. However, when you do not call or cancel an appointment, you may be preventing another patient from getting much needed treatment. Conversely, the situation may arise where another patient fails to cancel and we are unable to schedule you for a visit, due to seemingly “full” appointment book.

If a sick appointment is not cancelled at least one hour in advance or a well visit at least 24 hours in advance, you will be charged a fifty (\$50) fee; this will not be submitted to or covered by your insurance company.

Patients who do not show up for their appointment without a call to cancel will be considered a NO SHOW and charged a fifty (\$50) fee. This will not be submitted or covered by your insurance company.

Scheduled Appointments

We understand that delays can happen; however, we must try to keep the other patients and doctors on time.

If a patient is 15 minutes past their scheduled time, we may have to reschedule the appointment.
